

Fera list of natural hosts for <i>Phytophthora ramorum</i> with symptom and location							Updated Nov 2015 (see footnote)		
New UK/Irish records added since 15 December 2010. Comments retained from last update in italics.	A= American findings no Koch's postulates	Latin name	Family	Common name	Damage type*			Location(s)	References
					F	D	C		
First record. Ireland, August 2011		<i>Abies alba</i>	Pinaceae	European silver fir		√		Ireland (outdoor) - single forest tree, crown dieback.	Forest Service, NPPO, Ireland, (August 2011).
	A	<i>Abies concolor</i>	Pinaceae	White fir	√			USA (outdoor)	COMTF (undated)
First UK record, late 2009.	A	<i>Abies grandis</i>	Pinaceae	Grand fir	√	√	√	USA (outdoor) foliar and dieback; UK (outdoor) - canker and foliar	COMTF (undated) Forest Research records (late 2009)
Nov-15		<i>Abies nobilis</i> (<i>Syn Abies procera</i>)	Pinaceae	Noble fir				UK	Forest research
First record, Ireland, September 2010		<i>Abies procera</i>	Pinaceae	Noble fir		√	√	Ireland (outdoor) - forest tree symptoms described as 'branch & crown dieback'.	Forest Service, NPPO, Ireland (September, 2010).
	A	<i>Abies magnifica</i>	Pinaceae	Red fir	√	√		USA (outdoor)	COMTF (undated)
	A	<i>Acer circinatum</i>	Aceraceae	Vine maple	√			USA (outdoor)	COMTF (undated)
		<i>Acer davidii</i>	Aceraceae	Striped bark maple	√			Canada (nursery)	COMTF (undated)
		<i>Acer laevigatum</i>	Aceraceae	Evergreen maple	√			UK (outdoor)	Forest Research records
		<i>Acer macrophyllum</i> ¹	Aceraceae	Big leaf maple	√			USA (outdoor)	Garbelotto <i>et al.</i> (2003)
		<i>Acer pseudoplatanus</i> ¹	Aceraceae	Sycamore			√	UK (outdoor)	Forest Research records
		<i>Adiantum aleuticum</i> ¹ [syn. <i>Adiantum pedatum</i>]	Polypodiaceae	Western maidenhair fern	√			USA (outdoor)	Vettraino <i>et al.</i> (2006)
		<i>Adiantum jordanii</i> ¹	Polypodiaceae	California maidenhair fern	√			USA (outdoor)	COMTF (undated)
		<i>Aesculus californica</i> ¹	Hippocastanaceae	Californian buckeye	√	√		USA (outdoor)	Garbelotto <i>et al.</i> (2003)
		<i>Aesculus hippocastanum</i> ¹	Hippocastanaceae	Horse chestnut			√	UK (outdoor)	Forest Research records
		<i>Arbutus menziesii</i> ¹	Ericaceae	Madrone	√	√		USA (outdoor)	Garbelotto <i>et al.</i> (2003)
	A	<i>Arbutus unedo</i>	Ericaceae	Strawberry tree	√	√		Guernsey (nursery), Spain (nursery) USA	CSL records, COMTF (undated)
	A	<i>Arctostaphylos columbiana</i>	Ericaceae	Hairy manzanita	√	√		USA (outdoor)	COMTF (undated)

Updated with new UK and Irish records, occurring since 15/12/2010. Forest Research (FR, UK) records checked with Joan Webber (FR). Irish records checked with the NPPO.
Tricia Giltrap, Fera, Nov 2015

		<i>Arctostaphylos manzanita</i> ¹	Ericaceae	Manzanita	√	√		USA (outdoor)	Garbelotto <i>et al.</i> (2003)
	A	<i>Arctostaphylos uva-ursi</i>	Ericaceae	Kinnikinnik, bearberry	√			USA (nursery)	COMTF (undated)

		<i>Ardisia japonica</i>	Mysinaceae	Japanese ardisia, Maleberry	√			Canada (nursery)	COMTF (undated)
Oct-09		<i>Betula pendula</i>	Betulaceae	Silver birch			√	UK (outdoor)	Forest Research records (October 2009)
		<i>Berberis diversifolia</i> SEE <i>Mahonia aquifolium</i>							
		<i>Calluna vulgaris</i> ¹	Ericaceae	Heather		√		Poland (nursery)	Orlikowski & Szkuta (2004)
	A	<i>Calycanthus occidentalis</i>	Calycanthaceae	Spicebush, western sweetshrub	√			USA (outdoor)	COMTF (undated)
		<i>Camellia</i> spp. ¹	Theaceae	Camellia	√	√		UK (nursery and outdoor), France (nursery), Spain (nursery), USA (nursery and outdoor), Canada (nursery)	Beales <i>et al.</i> (2004b), Husson (personal communication), Pintos Varela <i>et al.</i> (2003), COMTF (undated), CFIA records
Undated		<i>Camellia</i>			√			Ireland (outdoor)	NPPO Ireland
		<i>Castanea sativa</i> ¹	Fagaceae	Sweet chestnut	√	√	√	UK (outdoor). Ireland (outdoor) - forest tree, leaf blight & dieback.	Denman <i>et al.</i> (2005). Forest Service, NPPO, Ireland.
		<i>Castanopsis orthacantha</i>	Fagaceae	-	√	√		UK (outdoor)	Forest Research records
	A	<i>Ceanothus thyrsiflorus</i>	Rhamnaceae	Blue blossom, Californian lilac	√	√		USA (outdoor)	COMTF (undated)
		<i>Cercis chinensis</i>	Fabaceae	Redbud	√			Canada (nursery) Nov 2007	CFIA March 2008
Nov-09		<i>Chaemaecyparis lawsoniana</i>	Cupressaceae	Lawson's cypress			√	UK (outdoor)	Forest Research records (November 2009)
Undated	A	<i>Choisya</i> sp.			√			Ireland (outdoor) USA	NPPO Ireland
		<i>Choisya ternata</i> "Aztec Pearl"	Rutaceae	Mexican orange	√			UK (nursery)	CSL Records (February 2008)
		<i>Cinnamomum camphora</i> ¹	Lauraceae	Camphor tree	√		√	UK (outdoor) USA	Forest Research records USDA records 2012
		<i>Cinnamomum</i> sp.	Lauraceae	-				Canada (nursery)	CFIA records
	A	<i>Clintonia andrewsiana</i>	Liliaceae	Andrew's clintonia bead lily	√			USA (outdoor)	COMTF (undated)
		<i>Cornus capitata</i>	Cornaceae	Bentham's dogwood	√			UK (outdoor)	PHSI, CSL Records
		<i>Cornus kousa</i>	Cornaceae					Canada (nursery)	CFIA records (2008)
	A	<i>Cornus kousa</i> x <i>cornus capitata</i> "Norman haddon"	Cornaceae		√			UK (outdoor) USA	Forest Research records
Nov-13	A	<i>Cornus nuttallii</i>	Cornaceae	western dogwood				USA	COMTF 2012
		<i>Corylopsis spicata</i>	Hamamelidaceae	Spike winter hazel	√			Canada (nursery)	CFIA records
Jul-10		<i>Corylopsis</i> (species to be confirmed)	Hamamelidaceae		√			UK (outdoor)	Fera records (July 2010)
	A	<i>Corylus cornuta</i>	Betulaceae	California hazelnut		√		USA (outdoor)	Murphy & Rizzo (2002)
Apr-10		<i>Cotoneaster</i> (large leaf variety) ¹	Rosaceae		√			UK (outdoor)	Fera records (April 2010)
		<i>Daphniphyllum glaucescens</i>	Daphniphyllaceae		√	√		Canada (nursery)	CFIA records
		<i>Distylium myricoides</i>	Hamamelidaceae	Myrtle-leaved distylium	√			Canada (nursery)	CFIA records

		<i>Drimys winteri</i>	Winteraceae	Winter's bark	√	√		UK (outdoor)	CSL records
	A	<i>Dryopteris arguta</i>	Dryopteridiaceae	Californian wood fern, coastal woodfern	√			USA (outdoor)	COMTF (undated)
		<i>Eucalyptus haemastoma</i>	Myrtaceae	Scribbly gum	√			UK (outdoor)	Forest Research records
		<i>Euonymus kiautschovicus</i>	Celastraceae	Spreading euonymus, creeping strawberry bush	√	√		Canada (nursery)	CFIA records
<i>Foliar symptoms first recorded (UK) October 2009</i>		<i>Fagus sylvatica</i> ¹	Fagaceae	Beech	√		√	UK (outdoor). Netherlands (outdoor). Ireland (outdoor) - forest trees.	Forest Research records. RAPRA (undated). Forest Service, NPPO, Ireland.
8th October 2013		<i>Fothergilla Major</i>	Hamamelidaceae	Mountain Witch Hazel	√			UK (outdoor)	
		<i>Frangula californica</i> ¹ [syn. <i>Rhamnus californica</i>]	Rhamnaceae	Californian coffeeberry, California buckthorn	√	√		USA (outdoor)	Garbelotto <i>et al.</i> (2003)
		<i>Frangula purshiana</i> ¹ [syn. <i>Rhamnus purshiana</i>]	Rhamnaceae	Cascara	√			USA (outdoor)	Vettraino <i>et al.</i> (2006), Goheen <i>et al.</i> (2002b)
		<i>Fraxinus excelsior</i> ¹	Oleaceae	Ash	√			UK (outdoor)	Forest Research records
	A	<i>Fraxinus latifolia</i>	Oleaceae	Oregon ash	√			USA (outdoor)	COMTF (undated)
		<i>Garrya elliptica</i>	Garryaceae	Silk tassel bush	√			UK (nursery)	CSL records
		<i>Gaultheria shallon</i> ¹	Ericaceae	Salal, Oregon wintergreen	√			Canada (nursery), UK (nursery)	CFIA records, CSL records
<i>Nov-09</i>		<i>Gaultheria procumbens</i>	Ericaceae	Many, including wintergreen	√				Fera records (November 2009)
		<i>Griselinia littoralis</i> ¹	Cornaceae	New Zealand privet	√	√		UK (outdoor)	Giltrap <i>et al.</i> (2006)
Undated		<i>Griselinia littoralis</i>			√			Ireland (outdoor)	NPPO Ireland
		<i>Hamamelis mollis</i>	Hamamelidaceae	Chinese witch hazel	√	√		UK (nursery)	CSL records
		<i>Hamamelis virginiana</i> ¹	Hamamelidaceae	Virginian witch hazel	√	√		UK (nursery and outdoor)	Giltrap <i>et al.</i> (2004)
		<i>Hamamelis x intermedia</i> (<i>H. mollis</i> x <i>H. japonica</i>)	Hamamelidaceae	Hybrid witch hazel	√			Canada (nursery)	Anon. (2006a)
		<i>Heteromeles arbutifolia</i> ¹	Rosaceae	Toyon	√	√		USA (outdoor)	Garbelotto <i>et al.</i> (2003)
<i>May-10</i>		<i>Hydrangea seemanni</i>	Hydrangeaceae	Hydrangea	√			UK (outdoors)	Fera records (May 2010)
		<i>Ilex aquifolia</i>	Aquifoliaceae	European holly	√			UK (outdoor)	CSL records (December 2008)
<i>Nov-13</i>	A	<i>Ilex cornuta</i>	Aquifoliaceae	Buford holly, Chinese holly – April, 09				USA (A)	USDA records
<i>Dec-10</i>		<i>Ilex latifolia</i>	Aquifoliaceae	Tarajo holly	√			UK (nursery)	Fera records (Dec. 2010)

		<i>Ilex purpurea</i>	Aquifoliaceae	Oriental holly	√			Canada (nursery)	APHIS records
	A	<i>Illicium parviflorum</i>		Yellow anis				USA	USDA records
		<i>Kalmia angustifolia</i>	Ericaceae	Sheep laurel	√	√		UK (nursery) ²	CSL records
		<i>Kalmia latifolia</i> ¹	Ericaceae	Mountain laurel	√	√		UK (outdoor and nursery), Slovenia (nursery)	CSL records, RAPRA (undated)
Undated		<i>Kalmia latifolia</i>			√			Ireland (outdoor)	NPPO Ireland
		<i>Kalmia</i> sp.	Ericaceae	Species not presently known				Canada (nursery)	CFIA records
August 2009 (UK) and July 2010 (Ireland). Hosts in red were added in this update from EPPO reporting service and UK survey return 2010/11.		<i>Larix kaempferi</i> ¹ / <i>Larix Larix decidua</i> / <i>Larix x eurolepis</i>	Pinaceae	Japanese larch/larch/European larch/Hybrid larch	√	√	√	UK (outdoor). Ireland (outdoor) - forest trees, <i>L. kaempferi</i> only.	Forest Research records (August 2009) and Forest Service, NPPO, Ireland (July 2010). (See also EPPO Reporting Service 2011, no. 5, 2011/13 for <i>L. decidua</i> and UK EU survey return 2010/2011 for <i>Larix x eurolepis</i> respectively but no dates when recorded).
		<i>Laurus nobilis</i> ¹	Lauraceae	Bay laurel	√			UK (nursery)	CSL records
Nov-13		<i>Leucothoe axillaris</i>	Ericaceae	Fetter-bush, dog hobble	√	√		Canada (nursery) UK (garden centre)	COMTF (undated) Fera records 2013
		<i>Leucothoe fontanesiana</i> ¹	Ericaceae	Drooping leucothoe	√			UK (nursery), France (nursery)	CSL records, Husson (personal communication)
		<i>Lithocarpus densiflorus</i> ¹	Fagaceae	Tanoak	√	√	√	USA (outdoor)	Garbelotto <i>et al.</i> (2003)
		<i>Lithocarpus glabra</i>	Fagaceae		√			UK (nursery)	CSL Records (December 2008)
		<i>Lonicera hispidula</i> ¹	Caprifoliaceae	Californian honeysuckle	√			UK (nursery) ² , USA (outdoor)	Garbelotto <i>et al.</i> (2003), CSL records
	?	<i>Loropetalum chinense</i>	Hamamelidaceae	Loropetalum	√			Canada (nursery); USA (nursery),	APHIS records; COMTF Blomquist, C.L. <i>et al</i> 2012. Plant Disease, 96(12): 1829-1829.
Undated		<i>Magnolia</i> sp.			√			Ireland (outdoor)	NPPO Ireland
Aug-09		<i>Magnolia acuminata</i>	Magnoliaceae		√			UK	Fera records (August 2009)
Nov-13	A	<i>Magnolia cavaleri</i>	Magnoliaceae					Canada 09	APHIS
Jun-10		<i>Magnolia delavayi</i>	Magnoliaceae		√			UK (outdoors)	Fera records (June 2010)
		<i>Magnolia denudata</i>	Magnoliaceae	Lily Tree	√			Canada (nursery); UK (outdoor)	CFIA records; FR records
		<i>Magnolia denudata x salicifolia</i>	Magnoliaceae	Magnolia hybrid	√			UK (outdoor)	Forest Research records
	A	<i>Magnolia figo</i> (<i>Michelia figo</i>)	Magnoliaceae	Banana magnolia (Banana shrub)	?			USA (nursery)	APHIS May 2008

Nov-13		<i>Magnolia foveolata</i>	Magnoliaceae		?			Canada April 09	
		<i>Magnolia grandiflora</i> ¹	Magnoliaceae	Magnolia	√			UK (nursery and outdoor), USA (nursery), Canada (nursery)	CSL records 2008, COMTF (undated), CFIA 2006
		<i>Magnolia kobus</i>	Magnoliaceae	Kobus magnolia	√			Canada (nursery)	CFIA records 2008
Nov-13		<i>Magnolia liliiflora</i> = <i>Magnolia quinquepeta</i>	Magnoliaceae	Purple magnolia	√			UK (outdoor)	Defra 2010
		<i>Magnolia salicifolia</i>	Magnoliaceae	Anise magnolia	√			UK (outdoor)	Forest Research records
		<i>Magnolia stellata</i> ¹	Magnoliaceae	Star magnolia	√	√		UK (nursery and outdoor)	Giltrap <i>et al.</i> (2006)
		<i>Magnolia x loebneri</i> ¹ (<i>M. kobus</i> & <i>M. stellata</i>)	Magnoliaceae	Loebner magnolia	√	√		UK (nursery and outdoor)	Giltrap <i>et al.</i> (2006)
		<i>Magnolia x soulangeana</i> (<i>M. liliiflora</i> x <i>M. denudata</i>)	Magnoliaceae	Saucer magnolia	√	√		UK (nursery)	CSL records
Nov-13		<i>Magnolia X thompsoniana</i>	Magnoliaceae		√			UK	Fera
	A	<i>Mahonia aquifolium</i>	Berberidaceae	Holly leaved barberry Oregon grape	√			Canada (nursery) USA (May 2010)	CFIA (Aug 2007) Aphis 2013
Nov-13	A	<i>Mahonia nervosa</i>	Berberidaceae	Creeping Oregon Grape				USA (2010)	APHIS
		<i>Maianthemum racemosum</i> [syn. <i>Smilacina racemosa</i>] ¹	Liliaceae	False Solomon's seal	√			USA (outdoor)	COMTF (undated)
		<i>Manglietia insignis</i>	Magnoliaceae	Red lotus tree	√			Canada (nursery)	APHIS records
		<i>Michelia cavalieri</i>	Magnoliaceae	Michelia	√			Canada (nursery)	CFIA records
		<i>Michelia doltsopa</i> ¹	Magnoliaceae	Michelia	√			UK (outdoor). Canada	Forest Research records. RAPRA (undated).
Undated		<i>Michelia doltsopa</i> ¹	Magnoliaceae	Michelia	√			Ireland (outdoor)	Forest Service, NPP0, Ireland.
		<i>Michelia foveolata</i>	Magnoliaceae	Michelia	√			Canada (nursery)	CFIA records
		<i>Michelia maudiae</i> ¹	Magnoliaceae	Michelia	√			UK (outdoor), Canada (nursery)	CSL records, APHIS records
		<i>Michelia wilsonii</i>	Magnoliaceae	Michelia	√			Canada (nursery)	APHIS records
Nov-13	A	<i>Molinadendron sinaloense</i>	Hamamelidaceae		√			USA	Aphis records August 2011
Nov-13		<i>Myristica fragrans</i>	Magnoliales ?	Nutmeg	√	√		India	Mathew, S.K. and Beena, S. 2012. A new record of
	A	<i>Nerium oleander</i>	Apocynaceae	Oleander	√			USA (nursery)	COMTF (undated)
		<i>Nothofagus obliqua</i>	Fagaceae	Roble beech			√	UK (outdoor)	Forest Research records
UK record April 2010		<i>Osmanthus decorus</i>	Oleaceae	Osmanthus	√			Canada (nursery) UK (outdoor)	RAPRA (undated) Fera records (April 2010)

		<i>Osmanthus delavayi</i>	Oleaceae	Delavay osmanthus	√			USA (nursery), UK (outdoor)	COMTF (undated); Forest Research records
	A	<i>Osmanthus fragrans</i>	Oleaceae	Sweet olive	√	√		USA (nursery), Canada (nursery)	COMTF (undated), CFIA records
		<i>Osmanthus heterophyllus</i> ¹	Oleaceae	Holly osmanthus	√			UK (nursery), USA (nursery)	CSL records, COMTF (undated)
	A	<i>Osmorhiza berteroi</i>	Apiaceae	Sweet cicely	√			USA (outdoor)	COMTF (undated)
		<i>Parakmeria lotungensis</i>	Magnoliaceae	Eastern joy lotus tree	√			Canada (nursery)	APHIS records
		<i>Parrotia persica</i> ¹	Hamamelidaceae	Ironwood	√	√		UK (outdoor), Canada (nursery)	Hughes <i>et al.</i> (2006b), CFIA records
		<i>Photinia x fraseri</i> ¹ (P. glabra x P. serrulata)	Rosaceae	Fraser photinia	√			Poland (outdoor)	Orlikowski & Szkuta (2004)
Undated		<i>Photinia fraseri</i>			√			Ireland (outdoor)	NPPO Ireland
		<i>Physocarpus opulifolius</i>	Rosaceae	Ninebark				Canada (nursery)	CFIA 2007
First record. Ireland, April 2011.		<i>Picea sitchensis</i>	Pinaceae	Sitka spruce		√		Ireland (outdoor) - single young forest tree, shoot tip dieback.	Forest Service, NPPO, Ireland. EPPO Reporting Service 2011, no. 5. 2011/111
		<i>Pieris floribunda x japonica</i> ¹	Ericaceae	Mountain andromeda	√	√		USA (nursery)	Parke <i>et al.</i> (2004)
		<i>Pieris formosa</i> ¹	Ericaceae	Himalaya andromeda	√	√		UK (outdoor and nursery)	Inman <i>et al.</i> (2003)
		<i>Pieris japonica x formosa</i> ¹	Ericaceae	Ornamental pieris	√	√		UK (nursery), USA (nursery)	CSL records, Parke <i>et al.</i> (2004)
		<i>Pieris japonica</i> ¹	Ericaceae	Japanese pieris	√	√		UK (nursery and outdoor), France (nursery), Germany (nursery and outdoor), Poland (nursery), USA (nursery)	CSL records, RAPRA (undated), Husson (personal communication), Orlikowski & Szkuta (2004), Parke <i>et al.</i> (2004)
		<i>Pieris</i> sp.	Ericaceae	Species not presently known	√			Canada (nursery)	CFIA records
Undated		<i>Pieris</i> sp.	Ericaceae		√			Ireland (outdoor)	NPPO Ireland
	A	<i>Pittosporum undulatum</i>	Pittosporaceae	Victorian box	√			USA (outdoor)	Hüberli <i>et al.</i> (2006)
First UK record, December 2009		<i>Prunus laurocerasus</i> 'Nana'	Rosaceae	Dwarf English Laurel	√			USA (nursery), UK outdoors	COMTF (undated), Fera records (December 2010)
		<i>Prunus lusitanica</i>	Rosaceae	Portuguese laurel cherry	√			Canada (nursery)	COMTF (undated)

UK record February 2010		<i>Pseudotsuga menziesii</i> ¹	Pinaceae	Douglas fir	√	√	√	USA (outdoor) foliar and dieback, UK (outdoor) - stem canker	Davidson <i>et al.</i> (2002) Forest Research records (February, 2010)
		<i>Pyracantha koidzumii</i>	Rosaceae	Formosa firethorn	√			Canada (nursery)	Briere <i>et al.</i> (2005)
		<i>Quercus acuta</i>	Fagaceae	Japanese evergreen oak			√	UK (outdoor)	Forest Research records
		<i>Quercus agrifolia</i> ¹	Fagaceae	Coast live oak			√	USA (outdoor)	Garbelotto <i>et al.</i> (2003)
		<i>Quercus cerris</i> ¹	Fagaceae	Turkey oak	√		√	UK (outdoor)	Forest Research records
		<i>Quercus chrysolepis</i> ¹	Fagaceae	Canyon live oak			√	USA (outdoor)	Murphy & Rizzo (2003)
		<i>Quercus falcata</i> ¹	Fagaceae	Southern red oak			√	UK (outdoor)	Brasier <i>et al.</i> (2004a)
		<i>Quercus ilex</i> ¹	Fagaceae	Holm oak	√	√		UK (outdoor)	Denman <i>et al.</i> (2005)
		<i>Quercus kelloggii</i> ¹	Fagaceae	Californian black oak			√	USA (outdoor)	Garbelotto <i>et al.</i> (2003)
		<i>Quercus parvula</i> var. <i>shrevei</i> ¹	Fagaceae	Shreve oak			√	USA (outdoor)	Garbelotto <i>et al.</i> (2003)
		<i>Quercus petraea</i>	Fagaceae	Sessile oak			√	UK (outdoor)	Forest Research records
May-10		<i>Quercus phillyraeoides</i>	Fagaceae	Ubame oak	√			Ireland	Department of Agriculture, Fisheries and Food, Ireland (May, 2010)
Aug-11		<i>Quercus robur</i>	Fagaceae	English oak/pedunculate oak			√	UK (Scotland) (outdoors)	Forestry Commission, Scotland (August 2011)
		<i>Quercus rubra</i>	Fagaceae	Northern red oak			√	Netherlands (outdoor)	
		<i>Rhododendron</i> spp. ¹	Ericaceae	Rhododendron	√	√		UK (nursery and outdoor), Belgium (nursery), Finland (nursery), France (nursery and outdoor), Germany (nursery and outdoor), Ireland (nursery and outdoor), Italy (nursery), the Netherlands (nursery and outdoor), Norway (outdoor), Poland (nursery), Slovenia (nursery), Spain (nursery), Sweden (nursery), Switzerland (nursery), Canada, (nursery), USA (nursery and outdoor)	CSL records, De Merlier <i>et al.</i> (2003), RAPRA (undated), Husson (personal communication), Cahalane (2004), Gullino <i>et al.</i> (2003), de Gruyter & Steeghs (2006), Orlikowski & Szkuta (2002), Žerjav <i>et al.</i> (2004), Morajelo & Werres (2002), Goheen <i>et al.</i> (2002a), Anon. A= American findings not confirmed by Koch's postulates

[†]F = Ramorum leaf blight (including petiole), D = Ramorum dieback, C = Ramorum canker

¹ Koch's postulates have been successfully completed for this host.

NB Koch's postulates for *Gaultheria shallon* could only be completed on wounded leaves on the whole plant.

² These records refer to interceptions on nursery stock where the information has been recorded. The country given is where the infected plant was found but the plants were originally grown in another country that is not named in this list.
