PEACH pre-notification step-by-step videos

Published on 22/02/2021.

The Animal and Plant Health Agency (APHA) and the Horticultural Marketing Inspectorate (HMI) have published a series of video demonstrations that provide a step-by-step guide on how to complete a PEACH pre-notification.

Video links

How to complete a Plant Health EU import pre-notification on PEACH can be found here:

- [PHSI EU only import](#)

How to complete a Plant Health CVS file for plants for planting for the import pre-notification on PEACH can be found here:

- [How to Upload a CSV File](#)

How to complete a HMI import pre-notification on PEACH can be found here:

- [HMI import](#)

How to complete a HMI export application on PEACH can be found here:

- [HMI export](#)

For further guidance, a PEACH user guide can be found on the [Plant Health Portal Transition Guidance page](#) under *Imports*.
